

29 February 1960

MEMORANDUM FOR: *Chief, GIRA*
FROM : Chief, Intelligence Information Staff, OIR
SUBJECT : Review of OIR Periodical Subscriptions

1. Attached is a memorandum from the DDJ and its attachment, a machine-run of serial publications subscribed to by your component.

2. The accuracy of this machine-run is subject to the vagaries of key-punch operators and mistakes undoubtedly have been made. Cost data is lacking in many instances. In reviewing the list it is requested that in addition to any "red-lining" you may wish to do, you "blue line" the title of any subscriptions which you are not receiving, or which previously have been canceled.

3. Your comments will be appreciated. For example, a comparison of the relative cost of publications to the total salaries of professionals using the material may be interesting. Also, it may be of interest to relate the language competence within your component to the Foreign Language Periodicals being received. Total value of language achievement awards to analysts might be used in this connection.

4. Please return your machine-run listing and comments to
[REDACTED] 1338 "M" Building by OOB 7 March 1960.
